Hi [First Name],

Why join

AI is reshaping the conversation in governance, risk, and compliance. But without strong foundations, especially in federated environments, AI initiatives can quickly lose traction. This session will explore how to establish those foundations and highlight where AI adds the most value once the groundwork is in place.

You'll walk away with:

- A clear understanding of why federated GRC is key to scaling in the age of AI
- Practical insights into aligning policies, leveraging contextual intelligence, and designing human-centered processes
- Expert perspective from Dr. Heather Buker, Chief Customer Officer at 6clicks

This is a great opportunity to get ahead of the curve and gain practical ideas you can apply in your organization.

I hope you can join.

Best,

[Your Name]
